DIRECTIONS FOR USE:

Read entire label and use accordingly.

General Use Instructions: SHAKE WELL BEFORE USING. To spray, hold container upright and point valve opening to targeted area.

If surface compatibility is unknown, treat a small area of surface to be sprayed and evaluate 30 minutes later to allow any potential staining to occur.

Bed Bugs: Apply around baseboards, floorboards, floor molding, bed frames, wall hangings, mirrors, pictures, headboards, box springs, mattresses, electrical switch plates, furniture, door frames, bookcases, window frames or other places where bed bugs are found or known to harborage. When treating luggage, furniture and mattresses, pay special attention to tufts, folds, seams or hard to access areas.

Crawling Insects: Spray places where insects may hide, such as cracks, crevices, and void areas, around baseboards, floorboards, around pipes and appliances.

Ants: Spray trails, mounds/nests, cracks and crevices around windows, doors, sills and other openings where ants may be entering.

Fleas: Spray floors, floor coverings and pet quarters. Do not spray directly on pets.

Spiders: Spray webs and places where spiders nest. Spray directly on spiders where possible.

Flying Insects: Contact flying insects directly. Spray with sweeping motion.

Termites: Kills termites on contact. Spray where termites are seen.

Food handling establishments: When using in food areas of food handling establishments, foods should be removed or covered. Do not apply directly to food contact surfaces.

For information regarding the use of this product call 1-800-321-1FMC (1362).

PRECAUTIONS

While this product has been identified as a minimal risk product exempt from Federal Registration, we recommend good safety and environmental practices as with any insecticide, such as avoiding contact with eyes and skin. If product gets in eyes, flush with water. If on skin, wash with soap and water. If irritation persists, contact physician. This product is also sensitive to colder temperatures.

You may also contact 1-800-331-3148 for Emergency Assistance

Do not apply directly to water or use in aquatic sites.

Physical or Chemical Hazards

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not use in the vicinity of open flame or pilot lights. Do not apply to electrical conduits, motor housings, junction boxes, switch boxes or other electrical equipment because of possible shock hazard.

STORAGE & DISPOSAL

Storage: Do not store near heat or open flame. Store in cool dry area away from children.

Disposal: Do not puncture or incinerate. Place in trash or offer for recycling if available.

This product has not been registered by the U.S. Environmental Protection Agency. This product qualifies for exemption under Section 25(b) of the Federal Insecticide, Fungicide and Rodenticide Act and all applicable regulations.
